

1 open researcher scholarship (PhD-track) in the area of IT-security

Id-Nr.: CASED-h_da-04/09

The University of Applied Sciences Darmstadt (h_da) has 1 open researcher scholarship (PhD-track) in the area of IT-security (Id-Nr.: CASED-h_da-04/09) starting immediately.

The successful candidate will work within the Center for Advanced Security Research Darmstadt (CASED) as a PhD student. CASED is a new IT-security research center in collaboration with the Technical University Darmstadt, the Fraunhofer Institute for Secure Information Technology (SIT) and the University of Applied Sciences Darmstadt (h_da). CASED constitutes a research infrastructure for forefront IT-security research.

This prestigious center offers research positions to exceptional students who show the potential to make outstanding contributions to science in the following areas of botnets and security protocols.

CASED is offering a doctoral program to outstanding students holding a Master's degree (or German Diploma or equivalent) in Computer Science, Mathematics, or related disciplines.

You can find more information about CASED, research topics, thesis advisors, and formalities concerning your application on our website www.cased.de.

The University of Applied Sciences Darmstadt is an equal opportunity, affirmative action employer. CASED will have a significant higher proportion of female employees compared to the average in German research institutions and encourages applications of qualified women. Handicapped persons will be preferentially considered when equally qualified.

Applicants are kindly requested to send their applications including a CV, a statement of motivation, and academic transcripts by E-Mail before Mai, 15th 2009 to scholarship-h_da@cased.de.
